Ring wants to help reduce crime and increase safety in Pasco County

Ring is excited to propose a solution to the PCSO (Agency) to help reduce crime and assist with investigations in your community.

Program Description

This program will provide PCSO access to the Ring Neighborhoods platform to communicate with Ring Neighbors, and encourage community engagement as we work together to make Pasco County neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood. There are already more than 7,600 Pasco County residents using the app.
- As part of the program, PCSO may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, PCSO and Ring may work together to offer subsidized Ring cameras to select parts of Pasco County.

Responsibilities

Ring Will:

- Make the Ring app available to Pasco County residents free of charge.
- Donate Ring cameras to PCSO or area of Pasco County based on the number of qualifying downloads of the app that result from the program. Each qualifying download will count as \$10 towards these free Ring cameras. Ring will seed the program with an initial donation of 50 Ring cameras.
- Make the Ring Neighborhoods portal available to PCSO, free of charge, including support and training for PCSO employees.
- Work with PCSO to obtain PCSO data/call logs and publish the relevant incidents in the app based on terms agreed with PCSO.

PCSO will:

- Engage the Pasco County community with outreach efforts on the platform to encourage adoption of the platform/app.
- Choose how the free Ring cameras should be distributed. There are two options.
 - Cameras will be donated directly to PCSO. PCSO will in turn distribute these cameras to the community as part of its outreach programs.
 - Ring will directly distribute these cameras to the local community, with input from PCSO.
- Maintain appropriate access controls for PCSO personnel to use the Ring Neighborhood Police portal.
- Make data related to PCSO incidents/call logs available to Ring on a mutually agreed upon basis.

Term

PCSO's participation in the program shall commence upon PCSO's acceptance of these program terms. Either party may terminate PCSO's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to PCSO by April 30th, 2018.

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use
